Information for LoL players

Benefits of playing for TEC

The main purposes of the organisation are to offer the players an opportunity to play as a team in an organisation that is going to take care of them. We want our players to focus solely on the game and improving their skills while we sort out all kinds of organisational matters.

The core benefits as of now (19.10.2019) are*:

- **All the prizes from competitions go directly to the players and their coach**
- **TEC is responsible for finding and signing the team up for tournaments**
- **TEC will analyse the team games and review individual performance to identify areas for improvement. (This will benefit your SoloQ as well as the team performance)**
- **Occasional gifts (skins, bundles, wards etc.)**

Possible benefits**:

- **Coaching**
- **Financial support to cover the travel expenses***.**
- **We will get your gaming equipment******

* The benefits are applicable to the early stages of forming the team. Approximately 3 months after the team is formed these benefits will be reviewed and possibly changed. The benefits for players will never be changed in a negative way for the players. We aim to keep improving the situation and wellbeing of our gamers.

** Potential benefits that are dependant on the growth of the team and the organisation. We will do our best so you can get these perks.

*** Initially this will apply to travel within the UK

**** Initially this will apply to the circumstances in which a player needs new equipment because e.g. their keyboard stopped working and they are not able to get a new one. Also the cost cannot exceed the maximum amount per month (the amount to be agreed with the team). As time goes by we are hoping to be able to offer full financial support.

Once we are happy with an application we will be contacting individuals to invite them for 5v5 tryouts. Once the best and most suitable players are determined we will build a team of approximately 8-10 players (5 core team members and 3-5 substitutes).

If you are unsuccessful we will let you know so you do not have to wait in uncertainty.
